About Us

ABOUT GMK EDU

GMK EDU skills training specializes in bridging the gap and offering the alternatives to traditional learning. Focusing primarily on employable skills training and development.

We have approx. 5000 students benefiting from our group

VISION

To provide and empower learners with technical skills.

MISSION

To equip our students with trade & skills that are in demand. Our mission is to empower our students to get involved in careers where they would enjoy & be of service. GMK skills training was introduced, with just one purpose in mind – to provide professional and comprehensive training, without compromise, to our community. To empower the youth!

WHAT IS A CHEF?

A chef is a professional cook who is skilled in preparing, cooking, and presenting food. Chefs often work in restaurants, hotels, or catering services, and they may specialize in particular cuisines or techniques.

There are different types of chefs

Executive Chefs

Who oversee the entire kitchen

Sous Chefs

Second-in-command

Pastry Chefs

Specializing in desserts)

Line Chefs

Who prepare specific dishes or components

WHAT IS A CHEF?

Their responsibilities typically include:

- Designing menus and creating new dishes
- Managing kitchen staff and operations
- Ensuring food quality, taste, and presentation
- Overseeing food safety and hygiene standards
- Managing inventory and ordering ingredients

Being a chef requires creativity, precision, leadership, and a deep understanding of ingredients and cooking methods.
